and ask for

Mike Altic, Training Director.

The only thing better than being the proud owner of a new piece of heavy equipment is knowing that your crew is well trained to operate it.

Introducing MacDonald Machinery's Mobile Training & Safety Van, where we bring the training to you. MacDonald Machinery has teamed up with CASE to offer free introductory training to those customers who have purchased heavy equipment within the past year... and we provide the training on your premises!

MacDonald Machinery's Mobile Training & Safety Van features a ½-ton Chevy van, fully equipped with a 42-inch flat screen TV and a complete library of video tapes and DVDs covering the basic operations of virtually every piece of CASE heavy equipment. The van also includes a laptop computer and software to assist with state-of-the-art PowerPoint® presentations.

MacDonald Machinery's training director has more than 40 years of technical instruction and is certified in OSHA training. Introductory training is offered for any piece of equipment offered by MacDonald Machinery and, if purchased within the past year, the training is free.

MacDonald Machinery offers training for the following CASE heavy equipment:

- Backhoes
- Wheel Loaders
- Excavators
- Graders
- Skid Steers
- Crawler Dozers
- Articulated Dump Trucks
- Construction Forklifts
